DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 3, 8, and 14 are rejected under 35 U.S.C. 102(b) as being anticipated by Rutishauser (U.S. Patent 5,842,692).

Rutishauser teaches a sheet conveying apparatus on an office machine comprising a manual feed unit including:

- (i) a feed tray, 2,
- (ii) a pair of conveying roller for sandwiching a sheet and conveying the sheet in a predetermined direction, and
- (iii) a supporting body for supporting the pair of conveying roller, wherein said manual feed unit conveys a sheet placed on the feed tray via a conveying path through which said sheet is conveyed by said pair of conveying rollers, the supporting body includes:
 - (a) a first unit having one of said pair of conveying rollers and
 - (b) a second unit having the other of said pair of conveying rollers, and said first unit and said second unit are separable from each other, see figure 8.

Figure 8 further shows that one of said first unit and said second unit is detachable in a direction opposite a sheet conveying direction, and that only one of said first unit and said second unit is a movable unit when said first unit and said second unit are separated from each

other; and one of said pair of conveying rollers is mounted to said movable unit and driven, see column 5, lines 28+.

Response to Arguments

Applicant's arguments with respect to claim 1, 2, 3, 8, and 14 have been considered but are moot in view of the new ground(s) of rejection.

The examiner has applied a new reference, the Rutishauser patent, which reads on the amended claim 1, 2, 3, 8, and 14, and therefore those claims remain rejected.

Applicant's arguments, see page 14, filed 14 July 2006, with respect to claims 9, 10, and 15 have been fully considered and are persuasive. The rejection of claim 0, 10, and 15 has been withdrawn.

Allowable Subject Matter

Claim 2 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 4-7, 9-13, and 15 are allowed.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3653

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
